

2015 IAESTE ORIENTATION PROGRAM OF GENERAL DIRECTORATE OF HIGHWAYS

Six foreign civil engineering students, who came to our country to do an internship through the International Association for Exchange of Students for Technical Experience (IAESTE), completed their practical training at General Directorate of Highways between July 20 and August 28 2015.

IAESTE STUDENTS

Luqman SAMIRUDDIN	UNITED KINGDOM
Watheq Ayman Wasef SAYEH	PALESTINE
Rildo MAGALHAES MARTINS FILHO	BRAZIL
Katarzyna Monika MILANOWSKA	POLAND
Mariam Hesham ELSHAZLY	EGYPT
Moonhyun LEE	KOREA

The program consists of two parts: Orientation and practical training. In the orientation section, between July 21 and July 31 2015, some information was given to the students on Turkish language, Anatolian civilizations, the historical and geographical structure of Turkey. After that, visits to Atatürk's Mausoleum, Ankara Castle and Middle East Technical University took place. Then, within the orientation of our organization , they visited some technical departments and took necessary theoretical knowledge to get informed about works done by General Directorate of Highways.

In the second part of the program, the students did their practical training between July 16 and August 11 in İstanbul, implemented under the responsibility of the Regional Division of Public - Private Sector Partnership.

They completed their training successfully and returned to their countries.
