

2016 IAESTE ORIENTATION PROGRAM OF GENERAL DIRECTORATE OF HIGHWAYS

Seven foreign civil engineering students, who came to our country to do an internship through the International Association for Exchange of Students for Technical Experience (IAESTE), completed their practical training at General Directorate of Highways between July 11 and August 19 2016.

IAESTE STUDENTS

Jumana Radwan Abdullah AL-WESHAH	JORDAN
Mustafa Ass'ad Abdallah RAMADAN	PALESTINE
Ghaiath ALMUSTAFA	BAE
Souha SOUISSI	TUNISIA
Mohammed A.M. JERMI	PALESTINE
Johannes REINISCH	AUSTRIA
Sandra MAVSAR	SLOVENIA

The program consists of two parts: Orientation and practical training. In the orientation section, between July 12 and July 23 2016, some information was given to the students on Turkish language, Anatolian civilizations, the historical and geographical structure of Turkey. After that, visits to Atatürk's Mausoleum, Ankara Castle and Middle East Technical University took place. Then, within the orientation of our organization, they visited some technical departments and took necessary theoretical knowledge to get informed about works done by General Directorate of Highways.

In the second part of the program, the students did their practical training between July 16 and August 11 in Bursa Motorway Project, implemented under the responsibility of the Regional Division of Public - Private Sector Partnership.

They completed their training successfully and returned to their countries.
