

2017 IAESTE ORIENTATION PROGRAM OF GENERAL DIRECTORATE OF HIGHWAYS

Seven foreign civil engineering students, who came to our country to do an internship through the International Association for Exchange of Students for Technical Experience (IAESTE), completed their practical training at General Directorate of Highways between July 3 and August 11 2017.

IAESTE STUDENTS

Fatema İbrahim Ali AL-AJMI	OMAN
Tarek AHMED MOHAMED ATA	EGYPT
Osaid AYMAN SAUOD (HAJ SALEH)	PALESTINE
Joao Guilherme DOS SANTOS JORGE	PORTUGAL
Mohammad Basam Falih O'MARIA	JORDAN
Issam HABBACHI	GERMANY
Ahmad A.A. MAJDOUBA	PALESTINE

The program consists of two parts: Orientation and practical training. In the orientation section, between July 4 and July 15 2017, some information was given to the students on Turkish language, Anatolian civilizations, the historical and geographical structure of Turkey. After that, visits to Atatürk's Mausoleum, Ankara Castle and Middle East Technical University took place. Then, within the orientation of our organization, they visited some technical departments and took necessary theoretical knowledge to get informed about works done by General Directorate of Highways.

In the second part of the program, the students did their practical training between July 16 and August 11 in Gebze-Orhangazi-İzmir Motorway Project, implemented under the responsibility of the Regional Division of Public - Private Sector Partnership.

They completed their training successfully and returned to their countries.
