

2018 IAESTE ORIENTATION PROGRAM OF GENERAL DIRECTORATE OF HIGHWAYS

Six foreign civil engineering students, who came to our country to do an internship through the International Association for Exchange of Students for Technical Experience (IAESTE), completed their practical training at General Directorate of Highways between July 2 and August 10 2018.

IAESTE STUDENTS

Azer GORAI	TUNISIA
Maryam Zuhair Salim AL FANA	OMAN
Hafiz Muazzam ALI	PAKISTAN
Nehal Hamed Said AL ABRI	OMAN
Adam Majdi Faleh KHALIL	JORDAN
Nour Issa FARIS FARIS	JORDAN

The program consists of two parts: Orientation and practical training. In the orientation section, between July 3 and July 14 2018, some information was given to the students on Turkish language, Anatolian civilizations, the historical and geographical structure of Turkey. After that, visits to Atatürk's Mausoleum, Ankara Castle and Middle East Technical University took place. Then, within the orientation of our organization, they visited some technical departments and took necessary theoretical knowledge to get informed about works done by General Directorate of Highways.

In the second part of the program, the students did their practical training between July 16 and August 10 in Gebze-Orhangazi-İzmir Motorway Project, implemented under the responsibility of the Regional Division of Public - Private Sector Partnership.

They completed their training successfully and returned to their countries.
