

## VEHICLES WITH FOREIGN LICENSE PLATES

For the vehicles with foreign plates that pass through toll roads and toll bridges in our country, it is obligatory to register to HGS and have sufficient amount of balance in their HGS accounts to at least cover the toll in order not to pay a toll fine.

In order for the vehicle owners, who pass through the toll roads and toll bridges operated by the General Directorate of Highways without an HGS account or without sufficient balance, not to pay any toll fine, they should open an HGS account at an authorized bank branch within 15 days after toll violation and load sufficient amount of balance to their accounts, or make their toll payment via "Foreign Vehicle Payments" menü in the "Fast Payment" section on the web page of Interactive Tax Office ([ivd.gib.gov.tr](http://ivd.gib.gov.tr)) main page. Otherwise, the Customs Office will not allow these vehicles to leave the country without paying unpaid tolls.

The toll fines and administrative fines, which are not paid within 15 days after toll violation, should also be paid via "Foreign Vehicle Payments" menü in the "Fast Payment" section on the web page of Interactive Tax Office ([ivd.gib.gov.tr](http://ivd.gib.gov.tr)) main page. Otherwise, the Customs Office will not allow these vehicles to leave the country without paying unpaid toll fines and administrative fines.

Vehicles with foreign license plates who committed a toll violation must make their toll payments and toll fine and administrative fine payments before they arrive in the Customs Office as explained above in order not to wait in the line for payment or cause a queue.
